27 St. Joseph's reserves the right to supplement this disclosure if additional information becomes  
28 available.

1 Method of measurement: water meters  
2

3 (3) The type of water right or rights claimed by the party for the extraction of groundwater.

4 St. Joseph's asserts overlying water rights and possibly riparian rights for the extraction of  
5 groundwater from a water well located on or near its property from Ojai Groundwater Basin. St.  
6 Joseph's also asserts a right to use groundwater under the self-help doctrine, if prescriptive rights to  
7 extract groundwater from the basin are determined.  
8

9 (4) A general description of the purpose to which the groundwater has been put.

10 St. Joseph's extracts and uses groundwater from the Ojai Groundwater Basin for landscaping  
11 and orange trees.  
12

13 (5) The location of each well or other source through which groundwater has been extracted.

14 St. Joseph's extracts water from one well –

15 State Well No. 04N22W05M04S is located on APN 028-0-120-255. Due to an agreement with a  
16 neighboring property owner, certain lots have merged. It is anticipated that the current APN will change  
17 within the next six to twelve months. St. Joseph's reserves the right to supplement this disclosure when,  
18 and if, such information becomes available.  
19

20 (6) The area in which the groundwater has been used.

21 St. Joseph's uses the water extracted from State Well No. 04N22W05M04S for landscaping and  
22 orange trees on its property located at 2464 E. Ojai Avenue, Ojai, California 93023 (APN 028-0-120-  
23 230).  
24

25 (7) Any claims for increased or future use of groundwater.

26 St. Joseph's anticipates its future use of groundwater to be the same as its current use, including  
27 landscaping and orange trees. There are currently no planned additional future uses. St. Joseph's  
28 reserves the right to supplement its initial disclosure with additional future uses.

1 (8) The quantity of any beneficial use of any alternative water use that the party claims as its  
2 use of groundwater under any applicable law, including, but not limited to, Section  
3 1005.1, 1005.2, or 1005.4 of the Water Code.

4 St. Joseph's reserves the right to additional water use pursuant to Section 1005.1, 1005.2, or  
5 1005.4 of the Water Code.

6 (9) Identification of all surface water rights and contracts that the party claims provide the  
7 basis for its water right claims in the comprehensive adjudication.

8 St. Joseph's asserts possible riparian rights to subsurface underflow on or appurtenant to its  
9 property.

10 (10) The quantity of any replenishment of water to the basin that augmented the basin's native  
11 water supply, resulting from the intentional storage of imported or non-native water in the  
12 basin, managed recharge of surface water, or return flows resulting from the use of  
13 imported water or non-native water on lands overlying the basin by the party, or the  
14 party's representative or agent, during each of the 10 calendar years immediately  
15 preceding the filing of the complaint.

16 Not applicable. St. Joseph's reserves the right to supplement its initial disclosure with additional  
17 information regarding replenishment.

18 (11) The names, addresses, telephone numbers, and email addresses of all persons  
19 possessing information that supports the party's disclosures.

(12) Any other facts that tend to prove the party's claimed water right.

(a) St. Joseph's use of water from the Ventura River is reasonable and beneficial because it is used for irrigation. Cal. Water Code section 106 states: "It is hereby declared to be the established policy of this State that the use of water for domestic purposes is the highest use of water and that the next highest use is for irrigation."

(b) It is exercising vested water rights.

(c) St. Joseph's use accounts for a de minimus or extremely insignificant portion of the total water use from the Ventura River by all parties.

St. Joseph's will further supplement its disclosure pursuant to California Civil Procedure Code section 842(d), if applicable.

## SEMI-ANNUAL GROUNDWATER EXTRACTION STATEMENT

Reporting Period: JULY 1 - DECEMBER 31, 2008

Reporting Deadline: FEBRUARY 1, 2009

This form must be completed by each well Owner/Operator of a water producing facility located within the boundaries of the Ojai Basin Groundwater Management Agency. Report the extraction amount for the REPORTING PERIOD in acre-feet. Your signed original statement must be filed on or before the REPORTING DEADLINE. Groundwater statements postmarked after the due date are delinquent. They are subject to a 10% penalty and interest charges of 1% per month. Please answer all questions and file statements early to avoid penalties.
